

# Practice/ Exam routes for Haasrode

Dear Student,

Below you will find the links for possible routes taken during driver's license exam at Haasrode Leuven. The examiner may not take you on the exact combination of routes. However be assured that these routes will cover all the roads, paths and junctions possible in the exam. If you familiarize yourself with these routes, there will not be any surprises during the exam.

Points to keep in mind during practice:

1. It is best if you have a guide with you to tell you if you make a mistake. ( [I can help you here](#))
2. Always keep track of speed limits
3. Check the sign boards for directions and possibly memorize them
4. Repeat each route as much as possible, this way you are accustomed to the roads and will be confident during the exam.
5. Junctions: try to maneuver the Luven Ring Junctions from and to all directions.

Table 1: Practice Routes

Route	Description
<a href="#">Route 1</a>	Highway Direction 1: Most difficult highway, must take guide along
<a href="#">Route2</a>	Industrial area
<a href="#">Route 3</a>	No highway
<a href="#">Route 4</a>	Highway direction 2 :
<a href="#">Route 5</a>	I mec direction 1
<a href="#">Route 6</a>	I mec direction2
